1919 RETURN WILL BRING 5 CENT FARE

—RYAN

January and February Returns Show an Increase Over 1918

RYAN IN STATEMENT

Will Await Figures for March Before Starting Move Against Company

Members of the city council last night were told that the city will start proceedings for a reversal of the present six cent street car fares here as soon as the March reports of the company have been tabulated. City Attorney William Ryan explained that it was his belief that the March returns would show a greater increase in net revenue than all the previous months since the inauguration of the new rate. He pointed out that both January and February showed an increase, which, when strengthened by the March figures should make an undisputable case for the city.

Statement Denied

Today he denied that statements made to the members of the council relative to the financial inability of the company to make certain right of way improvements had anything to do with the fare controversy.

During the proceedings last night the matter of paving Johnson street and University avenue was brought up. The city attorney was asked if the street railway company could pay its share.

He stated that the company had reached the "limit of its borrowing ability" and that it was almost a financial impossibility for the company to pay its share of the work. He stated that double track should be laid on both Johnson street and University avenue but said it would have to be done at a later time.

"If anyone construed what I said as an indication that we were getting cold feet on the fare proposition, they certainly got the wrong idea," said Attorney Ryan today. "We are going ahead with it in April as I stated yesterday in my interview with a Capital Times reporter. The story was printed correctly."

Action by the council last night insures improvements which will "clean up" the city's street fund. The streets which will receive attention during the next few months are:

University avenue, from Breese terrace to Allen, Atwood avenue, Maple to Starkweather bridge.

Fair Oaks avenue, Atwood to Northwestern tracks.

Linden street, Winnebago to Dunning.

Sommers avenue, Division to Elmside boulevard.

Clemons avenue, Rutledge to Helena.

Grand avenue, University avenue to Park place.

Roby road, Prospect to Rowley.

Wingra street, Drake to Erin.

Desmond court.

Eleanor street.

For Bond Ordinances

The councilmen passed without contest ordinances calling for an issuance of bonds of \$40,000 for waterworks improvements and for \$110,000 for the erection of the Seventh street school on the Gerstenberg plat. Both of the projects had been previously discussed by the council and the recommendation of the committee was accepted without comment. The council authorized a call for bids.

What Madison Business Men Say On Saloons In Madison

The following statement, giving interviews with Madison business men on the wet and dry question was issued by the Madison Dry League today:

SAM PIPER, of Piper Bros. From a business or a moral standpoint there can be no question but that Madison is far better dry than wet. I have always fought for a dry Madison because I know it is for the best.

J. F. ROSE, proprietor, Walk-Over Shoe Store. A saloon-less Madison makes Madison a fit place to live in.

E. T. BAILLIE, of Baillie-Hedquist Company. Any dry town is a better business town than one that is wet.

H. H. RATCLIFFE, Ratcliffe Co., jewelers. From a business standpoint we have less charge accounts on our books than any time since we went into business. In other words, the wage earner is able to "pay as he goes." From a moral standpoint, there is no argument on the saloon question at all.

M. H. SATER, Cashier, First National Bank. There is not the slightest question in my mind that it is more profitable from every angle for Madison to be dry than wet.

JOSEPH M. BOYD, president of the Bank of Wisconsin. I am thoroughly convinced

that in keeping Madison dry, continued prosperity and progress are assured. The city has prospered in a striking manner during the past two years that the saloons have been absent. At no time have the bank deposits been so large as now. May the Lord deliver us from returning to the old system.

PAUL E. STARK, head of the Stark Land Company. More people can own their own homes in a dry city. Collections on rents and real estate contracts are much easier, as proved during the past two years. But of even greater importance than merely business reasons is the moral and civic welfare of the community. The saloon should not be allowed to again secure a foothold in Madison.

THOMAS SHAUGHNESSY, police chief. I am not afraid of hard work—which I have proved during my 28 years as chief of police—but just the same, I'd rather see Madison dry because it means less work for us.

CLAYTON W. HASWELL, Haswell Furniture Company. We have practically no small accounts on our books now for the simple reason that many of those who were in straitened circumstances during the days of the saloon, are able to pay cash or pay larger amounts. A dry Madison has certainly tended to make a vast improvement.

NO DRY MEETING SHE'S HIS WIFE IN LABOR HALL JUST THE SAME, IS RULING SAYS THE JUDGE

Meeting Scheduled is Called Off; Leaders Say They Are Neutral

Companies Lose Claim That Insane Woman Should Not be Paid

The meeting originally scheduled to be held under the auspices of the prohibition movement at Labor hall tonight has been cancelled owing to the refusal of the labor men to rent the hall for this purpose. It was originally intended to have a Milwaukee labor man talk here.

Oscar Johnson, secretary of the Machinists' organization, stated today that he gave permission for the use of the hall through an error.

"Someone called up here and asked for the hall for Saturday night," said Johnson. "I assumed that it was the representative of some labor body and said it would be all right. Later I learned that they intended to use it for a 'dry' meeting and I notified them that we could not allow the place to be used for this purpose. Madison organized labor wishes to remain strictly neutral on the prohibition question here, and in allowing the hall to be used for this purpose we might be guilty of aiding the dry fight."

No other hall has been secured, according to an official of the "drys," and at a late hour today it was decided to give up the idea of holding a meeting here tonight.

TURN CLOCKS AHEAD

Daylight Savings Plan Effective at 2 A. M. Sunday.

WASHINGTON—Daylight saving time is at hand again. The nation's clocks will be advanced one hour at 2 o'clock tomorrow morning, and thenceforward until Oct. 26, "clock time" instead of actual time will prevail. On the last Sunday of October the lost hour will be restored.

The time changes are authorized under the daylight saving law passed by congress last year.

BETHEL GIRLS TO BE Y. W. HOSTESSES

Only Two New Cases Reported in City Today, Say Officials

LESS THAN 100 HERE

Premature Withdrawal of Precautions Might Increase Dangers

The health department ban on theaters, pool halls and public gatherings generally will remain in effect at least until next Wednesday.

At a meeting held late this afternoon officials decided that premature action in lifting the ban might produce a recurrence which would prove disastrous in view of the present control. It was strongly intimated that the ban would be lifted after the Wednesday meeting.

Only two new cases were placed under quarantine today. This makes a total of less than 100 in the city at present.

TWO AUTOMOBILES IN A COLLISION

A Jeffery automobile driven by Bill Humphrey and a Ford driven by J. D. Copps collided at the corner of Main and Webster streets this afternoon. No one was injured. The front wheel of the larger car was thrown out of line and the foot-board and mudguard of the Ford were badly bent.

What Some Madison School Teachers Said On Questionnaires

If I did not live at home during the summer my salary would not be sufficient to live on.

I am now earning about 65c an hour, after nine years' experience. I believe I am worth at least \$1.00 an hour. That is what I recently had to pay an electrician.

Surplus hardly enough for a modern doctor's bill.

I am wearing a coat bought ten years ago.

I have bought one dress during the past year and no shoes since last April.

This spring I am wearing a winter's coat six years old. My hat is four years old.

I have come to the conclusion that in the light of these figures I am of greater value to my family dead than alive, since the receiving of my life insurance is the only way they may ever hope to be paid for past or current outlays in my behalf.

House furnishings so down at the heel that I am almost ashamed to have company.

I had hoped to spend the coming summer at Columbia, but—

As can be seen from the above my regular salary is not sufficient to take care of my expenses.

THE TICKET WHICH IS SUPPORTED BY MADISON TEACHERS

"The refusal of the Board to recognize the right of petition is one of the causes for the organization of the Federation of Teachers and is one of the reasons why the Federation passed a resolution endorsing the School Board ticket as selected by the Federation of Labor. Those candidates are: M. D. Larson, Mrs. J. Weaver, Rev. Henry Harris, John Moran, John P. Butler, Mrs. W. B. Bleyer and Prof. E. B. Skinner.

The Madison Federation of school teachers have sent out questionnaires to all school teachers of the city in order to prove their stand that they do not receive a living wage.

The first fifty returned by grade school teachers give the following results:

Average yearly salary of grade teachers	\$807.80
Average expenses for year	\$911.54
Average teacher's deficit	\$104.64

The first thirty-two questionnaires returned by high school teachers give the following results:

Average yearly salary of high school teachers	\$1,133.60
Average yearly expenses	\$1,069.46
Average savings	\$64.14

The statement of the Federation goes on to say:

"That the school board is lacking in ordinary business sagacity is proved by their attitude toward the salaries of teachers. No business can be run efficiently without satisfied employees; and satisfied employees are out of the question when wages are lower than living expenses."

RHINE IS DEMANDED AS THE FRONTIER

France Asks That the Boundaries of 1814 be Restored

CLAIMS IN COUNCIL

Germany Reported as Belligerent in Reply on Danzig

(By the Associated Press)

BULLETIN.

PARIS.—The situation for the allies at Odessa is still critical, according to the last advices from that region. The Russian soviet communique of March 25 declared that the vanguards of the Bolshevik forces were close upon the suburbs of the city.

PARIS (Friday)—In laying her claims before the council of four today, France asked that her boundaries, as fixed by the Treaty of Paris, May 30, 1814, be restored to her together with the Saar Basin. In the Rhine province in 1932, before the revolution, it was stipulated, the Germans should not be permitted to establish fortifications, occupy the territory with armed forces nor control the railways. On the Alsace Lorraine line, it was demanded that the Rhine should be the natural frontier of France.

The treaty of Paris in 1814 provided that France renounce her claims on Belgium and the left bank of the Rhine and return to the boundaries as they existed in 1792, before the revolution. This compelled France to confine herself to the provinces of Alsace and Lorraine west of the Rhine, those territories having been French since 1689. It was erroneously reported from Paris last night that France had demanded her 1914 frontiers, which would have excluded Alsace and Lorraine from her claims before the peace conference.

Rosenberry Men Flood State with Deceitful Ad

Letters of inquiry are coming to The Capital Times from all parts of the state asking about a political advertisement being run in the interest of the candidacy of Marvin Rosenberry for the supreme court. The ad is appearing in nearly every paper in the state and is a deliberate attempt to convey to the voters of Wisconsin the idea that The Capital Times is supporting the Rosenberry candidacy. An isolated sentence, without the context, is taken from a recent editorial appearing in this paper attempting to show the stand of this paper.

The following ad has been reported to The Capital Times as having appeared in The Stoughton Courier-Hub, the Neenah Times and the Milwaukee Germania-Herald:

Authorized and published by George Affeldt, Secretary Non-political Supreme Court club, 303 Camp Edge, Milwaukee, and paid for by him at the rate of \$1.50 per insertion.

MARVIN ROSENBERY, Capital Times, of Madison, Wis., says:

"Can the people afford to experiment with the Supreme Court?"

Do not experiment.

Re-elect, on next Tuesday MARVIN ROSENBERY.

The Capital Times is solidly back of the candidacy of Julius T. Dittmar for the supreme court. One of the reasons that it is for the Dittmar candidacy is that it has never supported the Rosenberry kind of politics of misrepresentation and deceit.—The Editor.

DAILY HEALTH TALKS

Good Health Is in Your Own Hands

BY SAMUEL HAMILTON, M. D.

The man who said "People dig their graves with their teeth" uttered a truth that goes clear to the bottom of the health question. Suppose you should take everything you eat and drink for breakfast, everything you eat and drink for dinner, everything you eat and drink for supper, and mix all together in one mass. It would surely be a dreadful mixture to look upon. And yet your stomach is obliged to dispose of that unsightly mass each day! Is it any wonder so many people have indigestion, dyspepsia, backache, headache, bad blood, liver complaint, skin diseases, nervousness, coughs, colds, catarrh, bronchitis, and goodness knows what else? Yes, people dig their graves with their teeth, and before the end comes they pass through one sickness or trouble after another. You should be glad to know that Dr. Pierce's Golden Medical Discovery has placed in the drug stores a medicine called Golden Medical Discovery that can be depended upon to overcome many of the diseases named above. It may seem impossible for one medicine to do so much, but really the whole thing is as simple as the figure 1. Dr. Pierce's Golden Medical Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. When this is done, away go the diseases that are caused by a sick stomach. If you are digging your grave with your teeth, stop today. Correct your stomach disorders right now with Golden Medical Discovery, and henceforth eat for your health's sake. If you don't know what foods are best for you, write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., and receive confidential medical advice without charge. The Golden Medical Discovery is made without alcohol or opiates, so anybody and everybody can take it with safety. It is put up both in liquid and tablet form. Send Dr. Pierce 10c for a trial pkg., and see for yourself how good it is. Try it now.

NO CHANGE IN STRIKE ORDER

Labor Leaders Say They Are Waiting for Employers to Act

Labor leaders today expressed willingness to meet employers in presence of any third party, preferably a group of representative business men of the city, to discuss a settlement of the present controversy over the award of the War Labor Board. The employers however have taken no action and the situation remains unchanged in face of the contention of the workers that they will strike unless steps are taken to meet the award.

Although the workers admit there is grounds for discussion as regards the payment of back pay, they hold firmly to the fundamental terms of the award such as the eight hour day without reduction of pay and the right to bargain collectively.

Labor leaders have stated that a strike will in no case be called at a factory where the employers show a disposition to meet fairly the terms of the award.

The strike of machinists at the Peterson Company of Milwaukee was settled this week by a second award of the War Labor Board in which the men were granted an hourly wage of 72 1/2. This controversy was similar to the one here, a previous award having been granted which the employers refused to live up to. District 8 which takes in Milwaukee and District 10 at Chicago have sent word to the Union here that they will help support the men in case the strike is called.

To date the Machinists and Federals have voted to strike. They number about 1,800 men. The Molders, Electricians and Carpenters have taken action but have withheld their decisions awaiting sanction of their national headquarters.

Builders and contractors held a meeting yesterday afternoon to see if anything could be done to avert the strike. Tonight the carpenters will meet in Woodman Hall at 7:30 o'clock.

"Of course we are hopeful," said Joe Brown in speaking of the situation with the carpenters. "At present however the situation does not look very promising."

FEAR SAFETY OF INTER-ALLIED DANZIG MISSION

Diplomats Are Reported to be Interned; Situation is Critical

BULLETIN

BERLIN.—The allied note regarding the landing of General Haller's troops at Danzig has created a grave situation in foreign relations, the ultimate effects of which cannot yet be estimated, says a despatch to the Vossische Zeitung from Weimar. Before dispatching its reply, the message added, the government consulted all the party leaders and they are said to have given the German answer their unqualified approval.

(By the Associated Press)

PARIS.—A rumor was in circulation here last night that the inter-allied mission at Danzig had been interned. This morning's newspapers however, declared that no confirmation of this rumor had been received.

According to the London Mail, a telegram received reported serious disorders had occurred at Danzig, instigated by the Pan Germans. The demonstrations are declared to have been directed at the inter-allied mission. Although no hostile action was taken against it, the mission is reported to have been virtually stopped from functioning, its work being hampered and it being isolated from the Poles. All newspapers agree that if it were established that violence had been employed against the mission an extremely critical situation would be created.

Madison Boy Victim of Spinal Meningitis; Was University Student

Corp. Charles F. Cooley, aged 23, son of Mr. and Mrs. C. F. Cooley, 1251 Rutledge street, died at Sevigny, France, on March 19, according to report received by his parents yesterday. His death was due to spinal meningitis.

Cooley, who graduated from Madison high school in 1916, enlisted for training at Fort Sheridan June 3, when a sophomore at the university. He was transferred to Camp Grant in August and sailed for France with the 86th division in September. He was transferred to Company E, 11th Infantry, 28th division, a Pennsylvania National Guard unit, and saw a month's service at the front before the armistice.

Besides his parents, he is survived by three sisters, Fanny and Ida of Madison, and Mrs. Alfred R. Bench of Easton, Pa.; and two brothers, Harry and Alexander W. of Madison.

"1900" Cataract Electric Washer

THE worst part of the housework is the washing, when done in the old way, on the rubboard, rasping the dirt and soil out of each piece separately, by hand. If you have a hand machine it will help out, but even then someone must push and pull the handle back and forth, and, although it is not hard, it becomes arduous before the family washing is completed. Then, the wringer must be turned by hand, and this is by far more tiresome than operating the washer.

Hand operated machines have been done away with in the factory, in the office, and in the institution, and, in fact, everywhere. Men now use machinery operated by power. Why should women not do likewise?

The Cataract Washer saves half the time—all the rubbing—all the wringing—hence all the hard work. Besides it costs only 1 to 2 cents for electricity to do the family washing.

The wringer is reversible and easily swung to any position. You can wring and wash at the same time.

Our liberal offer of monthly payments will make you the owner of this wonderful Electric Washing Machine and Wringer.

Writes Letter to Secretary Glass on Slump of Liberty Issues

(By the Associated Press)

NEW YORK.—United States Senator William M. Calder of New York announced here today he had written a letter to Secretary Glass, calling attention to depreciation of recent issues of liberty bonds and urging the secretary to cable President Wilson advising that a special session of congress be called at once so that the situation might be remedied.

Senator Calder expressed opinion that unless this was done it would be impossible to obtain popular subscriptions to the forthcoming loan, thus necessitating the taking of bonds by the banks, a situation which would, he wrote, have the effect of limiting credit for general business with injurious effects on the country.

HARRY WIGONITZ ON TRIAL MONDAY

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with result that are of unalloyed blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy throat, cold, foul tongue, nasty breath, and stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system by morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

months following an attack of influenza is convalescing. His condition has improved to such an extent that he is now able to be up and around the house.

Mrs. Wilbur M. Dethick, North Charter street, entertained members of the P. E. O. Sisterhood recently. A short business session was held. The next meeting will be held April 8 with Mrs. J. P. Young, 126 North Hancock street.

A dinner was given Thursday noon at the Capitol cafe in honor of Col. John W. Turner, Sergeant-at-Arms of the senate, in honor of his 51 birthday anniversary. "Cut flowers, place cards and flags decorated the table. Col. Turner was presented with cigars, books, a bag of money each coin representing a year of his age and a large birthday cake. Short speeches were made by Col. Marshall Cousins, Senator Lawrence E. Cunningham and David Atwood.

Miss Margaret Conklin, North Mills street, entertained at a birthday dinner Thursday evening. The guests were the Mesdames Gertrude Harley, Betty Thorkelson, Elizabeth Rinder, Helen Spinney and Elizabeth Conklin.

Mrs. B. C. Borg of Hazel Green and Mrs. Carl Kiefer of Des Moines, Ia., were guests of honor at a luncheon given for them by Mrs. C. L. Miller, Regent, street. Other guests were the Mesdames John S. Dreher, J. C. McElrath, E. H. Morrison, Edward Smith, James L. Clarke, J. S. Bishop, J. Rose, F. W. Faubach, Claude Abel and C. E. Marks.

CONVENTION SYSTEM FOR COLORADO

DENVER, Colo.—A modified form of the convention system of selecting candidates for public office to replace the direct primary, was approved by the house of representatives last night by a vote of 36 to 28. The measure provides for selection of delegates to county convention of political parties by precinct primaries. The county convention would vote on candidates for state office and the results would be forwarded to the capitol where a board would canvass the returns and announce the results.

EXTEND STRIKE IN AUSTRIA; FIGHT REDS

Former Chief of the Russian Staff Will Oppose Bolsheviks

(By the Associated Press) COPENHAGEN—The strike in Austria was extended on Friday to the Northern railway and as a consequence traffic between Vienna and the outside world is almost at a standstill. It is said that if the holding up of food train continues today the bread ration will be reduced by one-half everywhere next week.

To Fight Bolshevism PARIS—General Hlescu, former chief of the Rumanian general staff, is quoted in the Petit Parisien as declaring that the appointment of General Mangin to the command of the allied forces in southeastern Europe confirms a plan which he submitted to French general headquarters some time ago to create zones of defense with the aid of Poland, Rumania, Czechoslovakia and Yugoslavia against the spread of Bolshevism.

Reports from Paris Thursday connected Gen. Mangin with some plan in process of formation for dealing with the situation in southeastern Europe brought to a crisis by the Hungarian overturn. Latest previous advice from Paris indicated that no decision regarding it had been reached by the inter-allied authorities.

RHINE IS DEMANDED AS THE FRONTIER

(Continued from page 1)

cerning the landing of Polish troops at Danzig shows that Germany made a point that it did not undertake to give free access to the Polish army to west Prussia in the armistice agreement with the entente powers. The reply says: "Since the conclusion of the armistice, the entire situation in Poland, West Prussia and Danzig has entirely changed."

Offering the ports of Stettin, Koenigsberg, Memel or Libau, the German government says that "All necessary facilities for the speediest possible landing and transit of General Haller's army to Poland will be provided."

"From the standpoint of railroad facilities," the reply adds, "The routes from these cities lead more speedily to the goal without entailing interruption of importations of foodstuffs to Poland."

According to the Berlin Tageblatt all parties in the Weimar National assembly including the Independent socialists, approved of the government's reply to the entente note. The German newspapers generally support the government's position. The socialist Vorwaerts for instance, says that Hungary's reception of the note recently sent to her by the entente powers that it is "not only inhuman but foolish to treat defeated opponents as slaves upon whom any humiliation can be imposed."

The Berlin Tages Zeitung says that the spirit of the note shows the desire of the entente absolutely to crush Germany, while the Tageblatt likens the demand to "the methods with which every arrogant mailed fist policy inaugurates the realization of its predatory plans."

STEAMER SAPINERO TOWED TO PLYMOUTH

LONDON—The American steamer Sapihero was towed into Plymouth Friday evening after having been disabled at sea in a hurricane. A part of her cargo was jettisoned to save her from foundering.

The Sapihero of 5,097 tons gross is a United States shipping board steamer completed at Hog Island this year.

What Madison Business Men Say On Saloons In Madison

Continued from page 1

ment in the way many families are clothed and in the appearance of their homes. It would be a grave mistake to ever permit the saloon to return to this city.

A. R. EMERSON, chief examiner state banking commission. It would be deplorable for Madison to go wet now but it will unless the voters can be dynamited into making up to their danger.

DR. KENT T. WOOD, dentist. Madison as a dry community is a clean, decent, pleasant and comfortable place to live in.

WILLIAM A. VAN DEUSEN of Van Deusen's Furniture Company. Keeping out the saloon means a cleaner city and a continuation of better business.

H. H. HILE, proprietor and manager Belmont Hotel. Madison is fully 300 per cent better dry. A man is a fool to even argue the question. Drink means ruin, the end. Drink means ruin, the end. Drink means ruin, the end. Every man who has a mother, wife or sister, who worked for the Red Cross or did other patriotic work, is asked to do only one thing—vote dry and keep the saloon out of here.

B. B. COLLYER, of Collyer's Pharmacy. My business has positively been better in the past two years than ever before. I attribute this largely to Madison being dry. There is much less on our books and what there is is easier to collect.

ROBERT N. NELSON, former district attorney. That Madison should—and no doubt will—stay dry is no self-evident that it is entirely unnecessary to ascribe specific reasons therefore. The question is best answered by asking why should Madison have saloons? There is no legitimate reason why they should return; there are many good reasons why they should not.

J. N. CADBY, consulting engineer. Give my boy and the other boys all the advantages they can have in the complicated problems they will have to solve in a few years from now. Keep Madison dry.

L. L. OLDS of Olds Seed Company. From every conceivable standpoint it is better that Madison remain dry—from a business standpoint, from a moral stand-

point and from a community standpoint. In our business and employment of men we have had experience enough with a wet town. We hope to never have any more of it.

WARNS AGAINST LAKE DANGERS

Frigidity of Water Means Almost Certain Death Says Jones

Keep off the lake with small boats, says T. E. Jones, chairman of the department of athletics at the university.

"With the opening of the lake and the bright spring weather there will be considerable temptation to try out canoes. The extreme danger, however, should be realized. For a boat to upset at this time means almost sure death to all the occupants owing to the coldness of the water. The Cardinal life saving launch will be in order early in April and Capt. Isabell will be at his post. None of the public canoes will be let out until that time. We are getting our life saving service ready for the season's work and hope the public will realize the danger of going on the water before we are able to render any assistance."

GERMANS TO TRY FORMER EMPEROR

Crown Prince and Zimmerman Will Also be Held

PARIS—Former Emperor William and former Crown Prince Frederick William will be among those who will be tried by the high court which the German national assembly will create. Former foreign Minister Zimmermann, also will be brought before the court.

A Berlin despatch reported Thursday that the German government would create a court of investigation of Germans accused of crime during the war. It was said that the court would try General Ludendorff, Admiral Tirpitz former Chancellor von Bethmann Holweg, former Foreign Minister von Jagow and others.

FOR ALDERMAN—JOE BROWN

THE tenth ward of Madison has the reputation of being Madison's most exclusive highbrow district. It is the home of professors, lawyers, doctors and dentists.

These men are supposed to be the thinkers,—the intellectuals of Madison. But do they think in terms of practical affairs of life? Are they open minded? Do they think of the hard problems of industry? Or are they parlor workers of the leather rocker?

Joe Brown is a candidate for alderman in the tenth ward. He is a union workman, by trade a carpenter. He is in the school of hard knocks and he has not yet graduated into the leather rocking chair class. He knows how to give and take and he knows his fellow man. He knows what the workingmen are thinking about and that is important now days.

It is well that we all understand the worker whether in the city or on the farm. He is making himself felt more and more.

If we do not want class consciousness, we highbrows had better exhibit less of it. So, now, why not elect Joe Brown to the common council and more men like him?

If the university professors are not mere highbrows, they will appreciate the opportunity to send a workingman who is intelligent and progressive, to represent them in the city legislature. Then the workingmen will think more of the university which they have always stood by loyally, but about which they are beginning to raise doubts.

We will wait with some misgivings, to see what the "thinkers" are going to do to Joe Brown. We want to know whether these thinkers really think or just think they think.

MR. BURGESS

THE CAPITAL TIMES is pleased to take this opportunity to pay a word of commendation to Charles F. Burgess.

Mr. Burgess is at the head of the Burgess Battery Co. and the Burgess Laboratories. These companies were affected by the dispute that went to the war labor board last fall.

Mr. Burgess is the one employer of those affected by the labor board decision who has the honor and the vision to stand by his agreement of last fall. Mr. Burgess submitted his case to the jury and now, like a man, he is living up to the award of the jury.

We hope that Mr. Burgess' decision is the entering wedge by which the employers of this city are going to see things in a different light than formerly. Our employers cannot go along under the old order they defended for so long. There is a new social order abroad in the world. Labor is no longer a mere commodity to be bought and sold in the open market. Labor is not to continue in the raiment of slavery but of partnership. The worker is going to get a larger share of the product of his toil.

Mr. Burgess is deserving of the greatest good will on the part of the workers of the city. It is only to be regretted that we have employers in the city who are blindly endeavoring to defend the old order.

ACCORDING TO OLD STANDARDS

IN a current issue of Common Sense, Lord Lansdowne's paper we find an excerpt that gives an interesting insight into the viewpoint of England's treaty makers. The statement follows:

Colonel Yate asked whether the international treaty embodying the League of Nations would be submitted to the judgment of Parliament before it was concluded.

Mr. Bonar Law: The treaty will be signed by the delegates of the Powers concerned, but as far as the British Government is concerned it will not be ratified until it is laid on the table and Parliament has had an opportunity to express its opinion upon it.

Mr. G. Lambert: Will Parliament have the power to alter the treaty when it is laid on the table?

Mr. Bonar Law: I am surprised that my right hon. friend should ask that. Does he really think it possible that any treaty could ever be arranged if something like twenty Parliaments had to discuss the details? That seems to me quite impossible.

After all this talk, then, that the peoples of the world were to have more to say about their governments in the future we find the attempt being made to settle things according to the concepts of the old secret diplomacy. We find diplomats saying that the destinies of millions of people the world over must be settled by a few gentlemen sitting around a green table and playing chess with peoples and governments, boundaries and nationalities.

Will the people submit to this sort of doctrine? The future alone holds the answer.

On the Side

A. F. Grimm, physical director of the Y. M. C. A., says, "If you want to get first hand dope on a man's real character, get him in the gymnasium, hot, sweating and mad. You will get more pointers than will appear through the veneer of his business life in 20 years."

FACTS BOILED DOWN. In four years world's national debt increased from 27 to more than 200 billion dollars.

France has received a German submarine 254 feet long, 2,900 tons. Copper surplus, United States, billion pounds.

United States has greatest gold reserve.

Three New York hotels have cut all menu items 20 per cent.

National Association of Credit Men has 25,000 members—son in Madison.

Perishing stadium, Paris, where the great inter-allied games are to be held in June, will seat 22,000 and give standing room for 40,000 more. Six German submarines coming to United States.

Expenditures for highways, U. S. to be half billion dollars.

In session, 1919, 43 legislatures.

Judging from the resolution adopted at the mass meeting of colored citizens there must have been a severance of diplomatic relations somewhere. We gather that Sam Banks, the governor's Mercury, was been cleft of the proverbial wings which we always thought Merc wore.

In the case of Mrs. Glendower Evans, wealthy resident of Brookline, Mass., who led striking textile workers, we are reminded of the anonymous lines: "It's great to be a success as a human being."

Represented Self as Government Employee, Says Federal Officials

William Wright of Freeport, traveling for a Chicago photographic enlargement firm, was arraigned before United States Court Commissioner Tallman at Janesville yesterday on charges of representing himself as a government employee.

Wright was arrested at Jefferson. He is now in jail here awaiting indictment of the grand jury. A bond of \$2,500 was fixed, which he was unable to furnish. Deputy United States Marshal Will Toulton took Wright to Janesville.

Voice of the People

CIRCUIT COURT SALARIES

To the Editor of The Capital Times: The \$5500 paid circuit judges today buys less than the \$4400 paid them fifteen years ago, because of the fact that everything has increased in cost from 50 to 100 per cent during that period. The compensation of all classes except those who receive salaries has been increased to meet in some measure at least the increased cost of everything we buy. Justice to those receiving salaries demands that they be given some increase also. The law prohibits circuit judges from receiving any compensation for professional services, except the salary paid by the state. They can secure increased compensation only by legislative action.

Congress has recognized the justice of granting increased compensation to judges by passing a bill increasing the salary of federal district and circuit judges \$1,500 a year, thus giving circuit judges \$8500 and district judges \$7500 a year. The county board of Milwaukee county has recently raised the salary of Judge Backus of the municipal court to \$6500 a year. The board of supervisors of Dane county has just added \$2000 to the salary of Judge Hoppmann of the superior court.

The passage of the bill increasing the salaries of circuit judges will not affect the question of levying a state tax. Their increased salary cannot be paid to any judge during his present term of office. The increase will not affect all judges of the state before January, 1925. No circuit judge will receive any increase during the year 1919, and only two judges will receive the increase during 1920. So that if an increase in salary of \$1000 a year is granted the total expense to the state during the present biennium will be but \$2,000.

The legislature has passed an act organizing the circuit judges of the state into a board of circuit judges. The chairman of the board supervises the work of the various judges and directs those who for any reason are doing less than their share of the work in their own circuits to go to the assistance of judges who have heavier work in other circuits, thus equalizing the work among the judges and justifying an advance in the salary of all judges.

The circuit court is the great court of the people. Few cases go beyond the circuit court. With people of small means especially its decisions are final. Circuit judges should be men of large ability. The way to secure and keep such men on the bench is to pay salaries that will enable the public to secure circuit judges of such ability and standing that the people generally will be willing to submit their rights to them for decision.

Observer.

THE JUDGESHIP

To the Editor of The Capital Times: The Capital Times endorses J. T. Dithmar for Justice of the Supreme Court, but Mr. Dithmar's opponent is running advertisements in papers all over the country trying to make people believe The Capital Times is a contemptible as The Capital Times always was for Mr. Dithmar, but the corporations will stoop to any dirty old trick in order to defeat the people. The only thing for the people to do is to go to the polls next Tuesday and vote for Julius T. Dithmar.

It is of the greatest importance that this office be filled by a man whose sympathies have always been with the common people, a man who is and always has been a Progressive from principle, a man who has a legal mind and sense of justice that fits him for this office. Julius Dithmar should receive the support of the laboring man and the farmers. He will not receive the support of the interest and the profiters. Let every vote in Stoughton who believes in honest government vote for Dithmar.

C. K. Herried, Stoughton, Wis., Feb. 23, 1919.

IN EXPLANATION

To the Editor of The Capital Times: The erroneous impression has gotten out that I circulated a petition drawn up in the office of the Madison Kipp company which was in direct violation of union rules and aimed against the unions.

This petition asked for a half holiday Saturdays as is now the practice in several other of the shops. The idea was not my own but was that of other union men who approached me on the subject. I suggested a committee of two girls, two union men and two non-union men to ask for the desired half holiday. By chance, I met Mr. Baker, manager of the plant before the committee was elected and I asked him his opinion on the matter. He said to go ahead and draw up a petition, that he would consider it. I drew up the petition and had it typewritten in the timekeeper's office. Having signed it myself I turned it over to the union men for their signatures. The company had nothing to do with that petition and I certainly was working in good faith at the advice of the union men themselves.

D. E. Crotsenberg, 2113 Fair Oaks street.

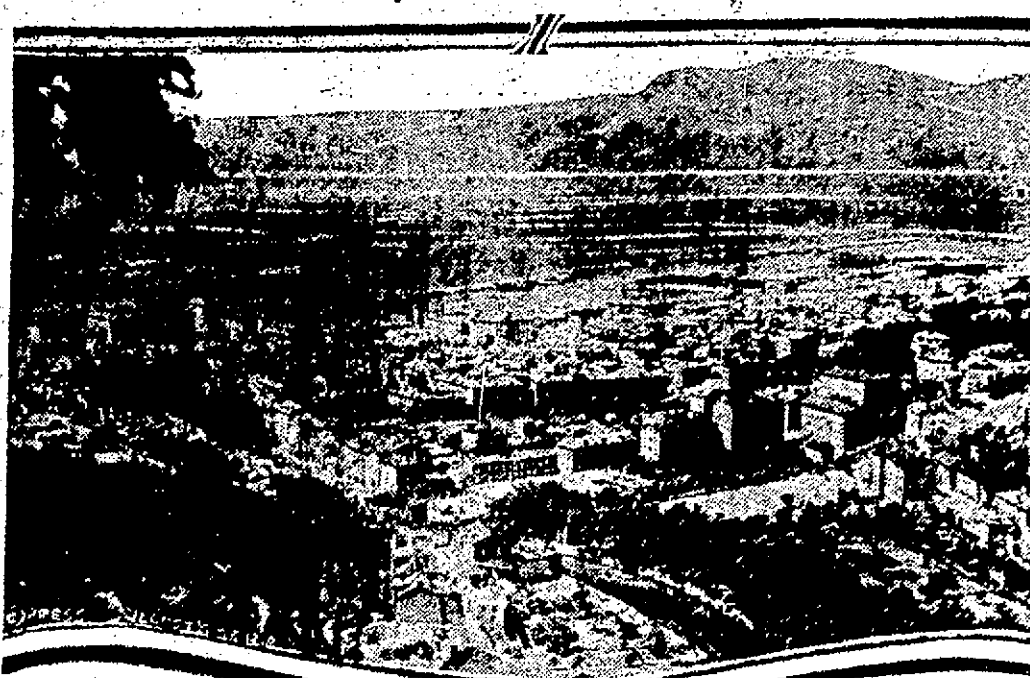

CHURCHMEN WILL TALK ON WET ISSUE

An open discussion on the wet and dry question will be held Sunday evening at 7:30 o'clock at Trinity Lutheran church. Two able speakers have been procured for this meeting. Everyone vitally interested in the future welfare of Madison is invited to hear this discussion.

ITALY THREATENS TO QUIT PEACE TABLE UNLESS GIVEN FIUME

View of Fiume and its harbor

Italy's peace delegates have threatened to quit the Versailles conference unless the Croatian city of Fiume, on the Adriatic sea, is

assigned to Italy. The Jugoslavs are insistent that this port be allotted to them, claiming it to be essentially a Croatian city and necessary to the new Jugoslav state as affording the only feasible sea outlet for her commerce. A minority of the people of Fiume are of Italian blood.

AT THE THEATERS

THE COMING WEEK AT THE GRAND

Sunday—Ethel Barrymore in "The Divorcee"
Monday and Tuesday—Gladys Leslie in "Miss Dulcie from Dixie" and William Duncan in "The Man of Might"
Wednesday and Thursday—Alice Brady in "The Death Dance" and Charlie Chaplin in "A Dog's Life."
Friday—Anna Q. Nilsson in "The Way of the Strong."
Saturday—Constance Talmadge in "A Pair of Silk Stockings."

ORPHEUM

There has been a brisk demand for seats for the two matinees to be given tomorrow afternoon when pictures of "Making Movies" that were taken here week before last will be shown. Hundreds of people are anxious to see these pictures, as the players in the photoplay were posed for by Madison talent, and many were seated in the audience during the time that these pictures were taken will have an opportunity to see themselves as they were photographed by the cameraman. Florie Millership, Chas. O'Connor and Company will appear as a special attraction, offering the well known comedian Jos. Santley, extra-ordinary musical comedy playlet, "The Girl on the Magazine." The music is written by Irving Berlin, whose reputation as a composer is too well known to question. Jack Goldie, an accomplished entertainer will offer "Odds and Ends," Moore & Elliot are to present a domestic comedy called a "Matrimonial Substitute," the Deacon Girls, the twin dainties in songs and smiles; and Paul, Levan & Dobbs in turns and falls are to appear on what promises to be one of the most entertaining and amusing shows of the season. The sixth episode of the serial photoplay "The Terror of the Range" will be shown.

THE GRAND

Miss Ethel Barrymore, known here and abroad as America's foremost actress, has added fresh laurels to her already long list of successes in her screen play, "The Divorcee," a production which will be the attraction at the Grand today and tomorrow.

FULLER

A combination salad of lighter, consisting of "pep," ginger and snap and garnished with a real plot, humorous situations and a capable acting company make "Parlor, Bedroom and Bath," the Fuller theatre's attraction the most satisfying farce local theatre patrons will have an opportunity of witnessing during the current season. A. H. Woods will bring the original production to this city today, matinee and night.

MAJESTIC

Do you want to see something different in motion pictures? Then come to the Majestic today, where the cleverest, wittiest, merriest little pair of stars in all motion picture-dom, Jane and Katherine Lee, will appear in their latest photoplay called "Swat the Spy." Here you may see clean cut farce interspersed with charming touches of tender pathos and genuine human feeling—laughter and tears mingle in happy proportions, but with the laughter predominant and ever having the best of it.

AT THE NEW STRAND

"The Romance of Happy Valley" is continuing to play to capacity at the New Strand where it will be shown today, matinee and night for the last times. For the first time in five years Mr. Griffith has wrapped his film around homespun, human, and he has found a classic in its folds, vivid in action, laughable in details and tense in effect. With his repeated triumphs in great productions, many persons have associated Mr. Griffith with tremendous spectacles, thunderous dramas and the sweep and rage of battle. But in "A Romance of Happy Valley" his genius is engaged in chronicling simple American life, and he has ac-

NO LIGHT HERE ON TROOPS' RETURN
Draft Officials Know of no New Order for 32nd and 42nd (Rainbow)

Nothing is known by Madison draft officials of a change in plans for return of remaining troops in France and Germany as a result of the recent uprisings of Reds in German Austria and Hungary, according to Adjutant General Holloway of the selective Draft service here. When asked about the possibility of such action General Holloway said: "As yet nothing is known by us of any contemplated change in the program for returning our troops from Europe. It may be possible that these disorders will require use of American armies in the revolt districts but if such is the case we know nothing of it."

"There has been a change made in the plan to send our boys home by the way of the Rhine due to the danger existing in floating mines which will result in some delay in the arrival of the boys as they will have to return through France. I feel certain that they will all have embarked for the United States by the end of May although nothing definite can be said." Among the divisions containing Madison men which are still in Europe are the 32nd and 42 (Rainbow).

COMING TO THE FULLER
Today—"Parlor, Bedroom and Bath." (Not a movie).
Sunday—Katherine Calvert in "Marriage."
Monday and week—"The Birth of a Race," twice daily, Mat. 2:30; night 8:15.
April 6—Montagu Love in "The Rough Neck."
April 8, 9, 10—Rex Beach's photo, "The Brand."
April 11-12—Lyman H. Howe's Travel Festival.

OHIO PROPOSES ANTI-RED BILL FOR RADICALS

Called Most Drastic Law
Ever Suggested Against
Bolshevism

COLUMBUS, Ohio.—A bill de-
signed to keep Bolshevism from
gaining a foothold in Ohio, was in-
troduced in the legislature today.
The measure terms criminal syn-
dicalism a doctrine which advocates
crime, sabotage, violence or other
unlawful methods of terrorism as a
means of accomplishing industrial
or political reform and makes ad-
vocacy of it a felony punishable by
a fine of \$5,000 and imprisonment in
the penitentiary for ten years.
The owner, agent, superintendent,
janitor or care-taker or occupant of
any place or building who permits
on such premises any assemblage of
persons advocating criminal syn-
dicalism, under the bill would be
guilty of a misdemeanor for which
the penalty is a fine of \$500 and im-
prisonment in the county jail for
one year.

The bill is said to be one of the
most drastic ever proposed to curb
activities of the I. W. W. and other
such organizations.

TEACHERS' BODY GIVES FACTS ON LOW SALARIES

Continued from Page 1

"Practically all of the teachers are dependent on relatives for assistance during the summer vacation. The fact that the school board pays less than a living wage, thus forcing them to exist on a precarious livelihood, constitutes one of the most irrefutable proofs that the present school board is not made up of good business men and ought not to be returned.

"In the spring of 1917 the high school teachers petitioned the Board of Education for the privilege of a conference. This right of a group of people to be heard through representatives of their own choosing is so generally acknowledged that the teachers were greatly disappointed when the board refused the hearing. After an inexplicable lapse of time, the board finally entered its decision upon their books stating that while it was willing to give a hearing to any individual teacher, it was not willing to give a hearing to representatives who might be chosen by the teachers. This fact can be verified by reference to the records which are presumably open to the public.

"On November 6, 1918, there appeared an article in the local papers stating that no Madison teachers were being lost through low salaries. This was a statement of the board. The following facts will show that the statement was fallacious. Last year only four of the seventeen teachers in Randall School remained and those who left did so because of dissatisfaction with the salaries paid them. There are 85 new teachers in our schools today, a proportion greater than one out of every three teachers. This constant shifting and adjusting must be and is detrimental to our schools."

Lose That Frown

Neighbor Meets Neighbor and Children Bring All to a Common Level.

Recommended for grown-ups with a grouch. Caution—To be taken on Fridays only. Precaution—Recommended but procedure not approved until removal of flu ban, there isn't room for the kids now. Method of attack—Street car. Westminster church. Crowd in. Sit down. "Now what'd you know about that?"

"Gee look at her laugh. She don't care cause he fired her. An' ain't her fat mother funny, she don't care either."

"Gosh I hope she don't marry that dude. Don't he wear a funny moustache? Whee look at 'em fight. He's—Oh boy, I hope he whips him."

"Believe he's going to kiss her—Gosh, but ain't he slow? He ought to do it then. Look there—"

"Now what'd you know about that?"

Grouch weakens.

"Ain't that a heck of a way for that woman to do? I believe they're going to run. If Jack would only come. See that automobile! Look who is that—"

Set back in your seat, grouch. Do you think you are a kid. Didn't you ever see a picture show before? You laughed right out loud.

Sure thing your grouch is gone. Old man Gloom himself couldn't keep a grouch in the midst of that crowd of enthusiastic youngsters. Of course the real community night program comes after supper. There are two programs of pictures and a social time in the big gymnasium below the auditorium.

The afternoon program is for the children.

The experiment is new but boosters in the West End tried it and the West End business men made the financial guarantee. Nothing but the best pictures are being shown. This is the fourth week for community nights and they have had to turn people away from the beginning.

A citizen in speaking of the plan said, "Sure it's a great thing. Why last week I went down and met a man that has lived only two blocks from me for two years and didn't ever know him before."

DRESS UP

Red Cross Can Use the Old Ones—and You'll Be Better to Look at.

The Red Cross needs your old clothes. Get in step. Rap up that old felt hat you have worn for three seasons and get out that old coat that bulges at the elbows.

National Dress-Up week comes April 5 to 13.

If you cannot buy an entire new outfit, get a new necktie and a shine, anything to spruce up a little. Learn the value of a good appearance in your daily business, says the Dress-Up Bureau.

The Dress-Up Bureau predicts the biggest Dress-Up week yet for this year. Soldiers and sail-

A STARTLING ANNOUNCEMENT!

A riot of beauty and loveliness! At midnight to-night the great Hall of Youthful Radiance, Elegance, Sweetness, Charm and Frivolity will commence! An entrancing bevy of Mr. Rube Goldberg's stunning models will positively appear! Mr. Goldberg has sacrificed his space here to-day at the altar of gay, oriental elegance and allowed us to reproduce these striking photographs of his beautiful models, whose classic contours he has extolled for years in picture and song. Oh with the dance! The models are now leaving the studio for the scene of their wild rampage through the Elysian fields of riotous extravagance and beauty.

For further particulars, see Page 4, April 1, 1918.

Happenings in the Madison Bowling World Told for the Fans.

"Rudy" Reipel, the Sun Prairie youngster of 15 summers, is reported to have rolled a 277 game at Sun Prairie the other day. He struck out all the way till the tenth frame. Looks like Sun Prairie would have someone to keep it on the map after July 1.

The Madison Alley five is way out in the lead in the Business Men's league with a percentage around .875 and an average of about 918 pins per game. The Lawrence Lunch five in second place has an average of about 926 pins per game. Evidently the latter did not use their scores to the same advantage as the leaders.

McCall of the Madison Alley five ranks second in the individual league averages with 190; Soehle is sixth with 185; Gaffney, eighth with 183; Schmitz, thirteenth with 180; Tester, twentieth with 178. With five bowlers such as these, one can readily see why the team is out in front. The combined averages total 916, and the average of this is 183.1-5.

Another hunch why the Madison five is in the lead—Schmitz is holding down the lucky thirteenth place in the averages.

There are five distinct sections in the Business Men's league. The Madison Alleys are alone in the first section. In the second section are the Lawrence Lunch, the Capital Alleys, and the Park Alleys, all within three or four games of one another; in the third section are Mayer Ptg. company, Kennedy Dairy, and Pepper's five with only about three games separating them in the percentages; in the next section is the Kelly Kant Slip, about five games below the third section and about 10 above the fifth section which contains the State Journal and the Gisholt five.

The race in the Moose league is pretty close except for first and last places which appear to be clinched by the Moosehearts and the Loyals, respectively. The Defenders, Progressives, Dictators, Moores, Legionaries, Inner Guards, L. O. M., and Howdy Paps are battling along with only about four games between the Howdy Paps in ninth place and the Defenders in second.

The Destroyers sank the Dreadnaughts twice in the Stoughton bowling league this week. The Submarines torpedoed the Trawlers three times. It was a great week for the small craft.

The worm will turn. The Dubbs downed the Boiler Makers in the C. M. & St. P. league last night in great shape. They copied the third game 799 to 548, only a small margin of 251 pins. The Clerks won two from the All Arounds, and the Machinists downed the Helpers three times.

The Hy Rollers and the Bluffers each rolled one 400 game in the Statehouse Ladies' league last night. Miss Masas of the Bluffers led the scoring with a 166 game. Miss Patrick of the Hy Rollers bowled a 152 score.

Manitowoc Elks who came to Oshkosh to bowl in the state tournament of Elksdom shattered some of the former records in the doubles and singles, but could not dialogue Rhineland, which still holds first place in the five man event with 2,701. Pitz and Schoch, Manitowoc, went into first place in the doubles with 1,256. E. B. F. Schoch was second in the singles with 587. Schoch also made high single game with 268.

Former Champs To Roll In Doubles At Toledo Today

HIGH SCORES BY CLEVELAND

Gregg All-Stars Take Second With 2,983—Schliemer Gets 688

TOLEDO—Two former doubles champions of the American Bowling Congress will appear in the tournament here today. Frank Thomas and "Bank" Marino of Chicago, who bowled last night with the Hawes Hat Team, are on the schedule for the squad that goes on at 4 o'clock this afternoon. Both were in fairly good form last night and are expected to show in the two men event today. Thirty-two five men teams will perform again tonight. Among the more prominent of the early rollers is Curtis Tires of Milwaukee.

Cleveland Men Place.

Bowling on a late afternoon squad, J. Schliemer of the Gregg All-Stars of Cleveland, the team that took second place Thursday with a score of 2,983, rolled 688 in his singles and went into the fourth place in the standing. Schliemer had a total of 1,399 for his nine games, which gave him sixth place in the all-events.

The highest score of the day in the two-men event was made by E. Schroeder and J. Hauser of Chicago, with 1,227. J. Dolan and J. Mitchell of Minneapolis registered 1,226 for second high. Other worth while scores in doubles were:

1914 Champ Off Form.
A. Hill-J. Snyder, Minneapolis, 1,182; S. Stark-A. Atvas, South Bend, 1,170; E. Durk-C. Thiel, Cleveland, 1,168; J. Stasch-R. Reimer, Minneapolis, 1,161; C. Hauser-C. Smith, Detroit, 1,155; D. Edwards-M. Hession, Minneapolis, 1,135; W. Miller-A. Kummer, Detroit, 1,133.

Miller was 1914 individual champion of the A. B. C., but was out of form today and drew only 575 in his singles, while 535 was his share in the doubles with Kummer.

RANDALL CLAIMS TITLE

The eighth grade basketball championship of the city has been claimed by the Randall school which has not lost a single game this season. Morgan, and Techam, forwards; Mathison, center; Albrecht and Williams, guards are the members of the quintet which has the following record:

Randall, 31; Wisconsin high, 0.
Randall, 18; Lincoln, 9.
Randall, 53; Lowell, 13.
Randall, 24; Lincoln, 14.
Randall, 12; Marquette, 10.
Randall, 35; Lowell, 14.

A newspaper interview in which Ben Johnson, president of the American league, is quoted as saying that the "Feds" would be fought until counted out" was read to the jury hearing the Baltimore Federal league club's suit for damages against organized baseball at Washington, D. C. Friday. The court adjourned till Monday.

GIANTS TACKLE COLLEGE NINE

Training Camp Notes on the Big League Teams

GAINESVILLE, Fla.—The University of Florida, scheduled to meet the Boston Red Sox obtained Oscar Vitt, the star shown in our fu-masked player contest yesterday, from the Tigers this spring in a three-cornered deal the Beantown pilot remarked, "He rounds out my infield." And the old dope indicates that Barrow has the right dope.

He will have McInnis at first, Jack Barry at second, Everett Scott at short and Vitt at third—some little infield.

Vitt ranks high as a third sacker. Frank Baker led the field of those who played in the major portion of the games last season, Larry Gardner was a close second and right on their heels came Vitt.

Loyal to Gleason

Happy Felsch showed the loyalty the Chicago club players have toward Manager "Kid" Gleason by offering to work behind the bat if he was needed there. Gleason had been remarking that he would feel a lot easier if he had another catcher. "Hap" ranks with Ty Cobb, Tris Speaker and Joe Jackson as an outfielder and, needless to say, Gleason is too wise to take such a chance.

Manager Pat Moran of Cincinnati is lingering around the depot at Waxahatchie, Texas, with a swat stick. Belated Reds will be warmly received by Pat for he has not enough regulars to pit against Waco in the Red's first exhibition game Saturday.

The St. Louis Browns chalked up eleven safeties and added another victory on their string by defeating the army team at San Antonio Thursday.

Tigers to Play Braves
Manager Jennings of the Detroit Americans plans to crowd all practice possible into the next ten days at the end of which the series with the Braves is due to start. The Tigers had a hard workout yesterday in their training camp at Macon, Ga.

Jack Quinn, Yankee twirler, is scheduled to take the mound against the Brooklyn Dodgers Saturday. Huggins believes Quinn is already in mid-season form.

Mike Gonzales of the St. Louis Cardinals is conditioning in Cuba.

Ike Davis, Pacific coast youngster, will be given a tryout at short by Manager Griffith of the Washington Senators who are training at Augusta, Ga.

CARDINALS CHALLENGE

After defeating the Rainbows, 25 to 22, the Sixth Ward Cardinals have issued a challenge to any 125 pound basketball team in the city. Games can be arranged at B. 6581.

The lineup:

Cardinals: Rainbows
Cleveland: RF. Richardson
Niebuhr: LF. Steinhauer
Hahn: C. Sennet
Green, Campbell: RC. Behnke
Spratz: LG. O'Connell
Baskets—Niebuhr, 4; Klavgaard, 3; Campbell, 2; Hahn, 2; Steinhauer, 4; Richardson, 3; Sennet, 3; O'Connell, 1.
Free throws—Hahn.

A monster track and field meet will be held at Chicago in place of the usual Ringling Bros. circus, April 10, 11 and 12. Forty-eight events listed will include all athletes in this part of the country.

Harry Greb's manager claims the light heavyweight championship for his fighter.

The Masked Star Printed Yesterday Was OSCAR VITT

By N. E. BROWN.

When Manager Barrow of the Boston Red Sox obtained Oscar Vitt, the star shown in our fu-masked player contest yesterday, from the Tigers this spring in a three-cornered deal the Beantown pilot remarked, "He rounds out my infield." And the old dope indicates that Barrow has the right dope.

He will have McInnis at first, Jack Barry at second, Everett Scott at short and Vitt at third—some little infield.

Vitt ranks high as a third sacker. Frank Baker led the field of those who played in the major portion of the games last season, Larry Gardner was a close second and right on their heels came Vitt.

The only reason the Tigers let Oscar go in the deal was because of the fact that he was weak at the bat. Jennings has Bobbie Jones, who looks like a corner at third and is there with the bat. He needed an outfielder and a pitcher, so the deal went through.

Though his slugging average wasn't heavy—only .239—Vitt made the boys pitch to him. He fanned only five times in the 66 games. He drew 32 passes and tapped out 20 sacrifice hits.
